Product Name :	**Product Code :**
Hydraulic Power Generator Training Kit	EEH0011

NAUGRA™
[Manufacturers and OEM Suppliers]

Description :

Hydraulic Power Generator Training Kit

Technical Specification :

Hydraulic Power Generator Training Kit Manufacturer

This kit, presented in a storage suitcase, contains:

All the components constituting the pump,

An assembly subset: input shaft, conical roller bearing, clampings and circlips,

Spare parts components,

Phone: +91-0171-2643080, +91-0171-2601773
Email : export@electricalelectronicsindia.com

The necessary tooling for assembly and disassembly operations,

A set of files permitting the realization of practical work.

Theme of practical work:

Characterization of the links,

Guidance in rotation (smooth bearings and rolling),

Tightness and protection of the links.

The pieces of this mechanism can also be used like examples for the study of materials.

Supplied documents:

Technical file:

Documentation and setting in industrial situation,

General Drawing, nomenclature.

Experiment files:

Lecturer file,

Work station file,

Student file (texts of practical work, answers documents and course).

CD ROM:

Technical and educational file in Word format

General drawing achieved with DMT software. Supply of the files in DMT10 version or

DXF format (Compatible AUTOCAD),

Drawings of the pieces achieved with the 3D CAD Solid Works and Inventor.

Dimensions and weight

560 x 410 x 175 mm – 18 kg.
