

Product Name :
Cement Autoclave**Product Code :**
Cement0023**Description :**

Cement Autoclave

Technical Specification :**Cement Autoclave**

Cement Autoclave from Civil Mechanical Laboratory India

It is suitable for conducting accelerated soundness tests on cements or the autoclave expansion test, requiring constant steam pressure with the corresponding constant temperature.

It consists of a stainless steel cylinder with an insulated cover, mounted on a sturdy supporting frame, enclosed in a heat insulated metal housing. Cement Autoclave for Civil Engineering from Laboratory

Equipment Manufacturers India - The attached control unit encloses a sensitive pressure regulator and pressure gauge, power switches and pilot lamps for controlling the electric heating units. Inside chamber dimensions : 15cm. dia. x 60cm. height. Suitable operation on 220 volts, 50Hz, single phase, AC supply. Supplied complete with Test Bar Holder, Special Rack to hold specimens above water level in the autoclave and in a vertical position to expose them in the same manner.
