

Product Name :
Industrial PID Controller

Product Code :
Process0010

Description :

Industrial PID Controller

Technical Specification :

Industrial PID Controller

- incorporates widely used Honeywell industrial PID controller.
- PID with alarm and relay outputs
- Configuration in engineering units
- introduction to SCADA, (supervision of the controller by a PC) using Windows based serial communication software

- temperature/time profile set-point ramp facility
- fuzzy and adaptive tuning
- alternative control algorithm
- dual set-points

Technical Specifications

Analogue inputs/outputs

Inputs:
0-5V dc/1-5V dc
4-20mA
Type K thermocouple

Digital outputs:

Relay outputs:
N/O contact
N/C contact
