

Product Name :

Mechanical Automotive Mechanism

Product Code :

Mechanical0002

**Description :**

Mechanical Automotive Mechanism

Technical Specification :**Mechanical Automotive Mechanism**

Mechanical Automotive Mechanism We are engaged in presenting an extensive range of **Mechanical Automotive Mechanism**

to our clients. These products are suitable for use in the laboratory and by the Students to carry out simple experiments to investigate the relationship between actuating forces and the braking torques and for the determination of the coefficient of friction between the brake lining and the drum.

Features:

- Superior strength
- Sturdy construction
- Dimensional accuracy

Electrical and Electronics
