

**Product Name :**  
Multifunction PV installation tester**Product Code :**  
NRE-18-06-18-0199**Description :**

Multifunction PV installation tester

**Technical Specification :**

Minimum Technical Specifications Required (like or better than):

- Safety test of PV installation

Continuity of protective conductors with test current 200mA

Insulation measurement with test voltage 250,500 and 1000VDC

Open-circuit voltage (VOC) measurement up to 1000V DC

Short-circuit current (ISC) measurement up to 15A DC

DC voltage - DC current - DC power measurement

Internal database for managing up to 30 PV modules (30.000 modules by software)

Result for every measurement OK/NO

Internal memory and USB output for PC connection
