

Product Name :

Multifunctional meter for I-V curve test on PV panels

Product Code :

NRE-18-06-18-0202

**Description :**

Multifunctional meter for I-V curve test on PV panels

Technical Specification :

Minimum Technical Specifications Required (like or better than):

Measurement of output voltage from module/string up to 1000V DC

Measurement of output current from module/string up to 15A DC

128 I-V curve points in Std or Capacitive mode

Measurement Voc-Isc-Pmax-Vmpp-Impp-Fill Factor

Measurement of cell temperature through external probe

Measurement of DC and rated power at module/string output

Detection of I-V Curve with direct measurement of Irr/Temp parameters

Internal database for managing up to 30 PV modules (30.000 modules by software)

Internal memory for data saving

Recalling measured data on the display

Test result OK / NO

Optical/USB port for PC connection

Electrical and Electronics
