

Product Name :
Orifice and Free Jet Flow**Product Code :**
Fluid00008**Description :**

Orifice and Free Jet Flow

Technical Specification :**Orifice and Free Jet Flow**

Orifice and Free Jet Flow in the **Orifice and Free Jet Flow** accessory a constant head tank is fed with water from the Hydraulics Bench. The orifice is set at the base of the tank through a special wall fitting that provides a flush inside surface.

The head is maintained at a constant value by an adjustable overflow and is indicated by a level scale. A jet trajectory tracing device allows the path followed by the jet to be ascertained.

Specification:

- Constant head tank with two interchangeable orifice
- Jet trajectory measured and plotted using adjustable pointers
- Quick release fitting for easy connection to hydraulics bench
