

Product Name :
Solar Pv Training Panel

Product Code :
NET0043

Description :

Solar Pv Training Panel

Technical Specification :

Objective:

The Solar PV Training Panel is designed specifically for engineer, graduate and educator who understood the basic of solar energy and looking forward to excel further. The Solar PV Training Panel allow instructor's to teach every aspect of solar power to their students. From installation to configuration to AC and DC conversion, students can learn how each of the features of solar power work together.

1. Identification of the Solar PV equipment
2. Understanding of solar system diagram and connection
4. The characteristics of a solar panel, depending on temperature, tilt angle and insolation etc
5. Use of an Inverter

Product Specification:-

The Solar PV Training Panel includes:-

SOLAR PANEL SHARP ND-250QCS equivalent or better, 250 WATT POLY CRYSTALLINE SOLAR PANEL

Electrical and Electronics
