

Product Name :
Sound Reversing Car**Product Code :**
Robotic0002**Description :**

Sound Reversing Car

Technical Specification :

Sound Reversing Car Robotic Kits enhances learning skills for Hobbyist, Science & Engg. Students. The kits enhances technical skills in the field of soldering, electronics, sensors (light, sound, infrared) and mechanical systems. They provide hands on experience for co-ordination of electronics with mechanical arrangements to give shape to a science, ROBOTICS. All the kits are complete with different parts, electronic & mechanical components, step by step write up, circuits and mechanical arrangements. The system can be assembled by learner to give them PRACTICAL EDGE

Electrical and Electronics
